About Us:

George A. Keene, a sole legal entity, is the leading, one-stop source for products and services for federal, state and municipal jails, prison buildings and detention centers. Since 1947, Keene has been the name behind thousands of prison and detention facility projects. From new construction of cells and operating infrastructures, to retrofits of locking devices Keene family of companies has your answer.

Company founder, George A. Keene, took pride in the fact that no one ever escaped from a Keene-built jail due to a mechanical problem or construction defect. More than sixty years later -- with second, third and fourth generation Keene family members operating the company -- that fact still holds true.

Today, with over six decades of experience and expertise, Keene specializes in: Estimating, Design/Build, Retrofits/Renovations, Repair/Maintenance, Construction to Spec, and Product supply.

Keene is the one, highly specialized company with everything you need in security. We have what it takes to give you complete control of your facility, people and information providing powerful security solutions you expect. With these company values in mind remember the Keene name if you are designing, building or maintaining a detention facility.

Sincerely,

Raymond Keene
President
